

Outline of a Funeral at a Crematorium

If you are putting together a booklet, then below this is the outline of the service.

The most important things you need to add are the words to the hymns you choose and the details (and maybe picture) of the person who has passed away.

Entrance Music *(as we enter the chapel)*

Welcome

Opening Hymn *(if taken from the internet, make sure it's the right words)*

Liturgy of the Word

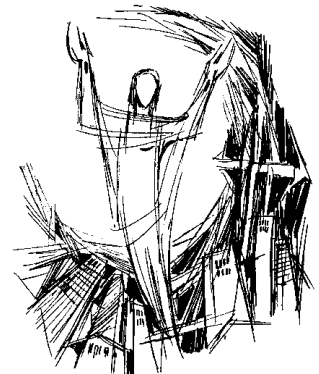

Homily

Tribute

Hymn *(please, again double check the words)*

Prayers of Committal

Music

Remember that time is very limited in the crematorium (20 to 25 minutes). By the time we process in that is reduced by a further 5 minutes, so eulogies/tributes need to be short.

It is your choice about whether you have the curtains closing (which most do) or not. Please tell the undertakers what you want.

If you want to someone to proof read the serve then contact the priest who is leading it and he will get back to you.

*Your Loved Family Member will be prayed for at all
our parish Masses this weekend*

You are welcome to join us
